Location: Tamil Nadu, India

PROFESSIONAL SUMMARY

Motivated Computer Systems student with strong technical skills in software development, programming, and problem-solving across multiple technologies. Experienced in building desktop, web, and analytics-based applications using C, C++, Java, Python, and modern web technologies. Passionate about designing efficient software solutions and contributing technical expertise to innovative development roles.

EDUCATION

B.Sc. Computer Systems and Design | Expected Graduation: 2027

PSG College of Technology-7.46 CGPA

Higher Secondary Education (XII) | Year: 2024

Graham Staines Matriculation Higher Secondary School-88.83%

TECHNICAL SKILLS

Programming Languages: C, C++ ,Java,Python

Web Technologies: HTML,CSS,JavaScript,SQL

Tools & Software: VS Code,GitHub,Code::Blocks

Machine Learning and Analytics: Data Structures,Design and Analysis of Algorithms,OOPs,Probability and Statistics,Analytics

Soft Skills: Problem Solving, Adaptability, Communication & Teamwork, Time Management, Analytical Thinking, Continuous Learning

PROJECTS

Hospital Management System (C)

- Developed core hospital workflow functionalities using C
- Structured patient and operational data processing modules
- Implemented system logic for efficient information management
- Delivered a fully functional management application prototype

Tools: C

Army Resource Management System (Python Tkinter | SQL)

- Built desktop-based management software using Python Tkinter and SQL
- Developed user-friendly interface components
- Integrated backend data storage and retrieval mechanisms
- Created an interactive GUI-based operational management solution

Tools: Python Tkinter, SQL

Cricket Data Analytics (Shell Scripting)

- Developed shell scripts for processing cricket performance datasets
- Automated analysis workflows for data extraction and reporting
- Improved analytical processing efficiency through automation

Tools: Shell Scripting

Indian Army Recruitment Web Portal (HTML | CSS | JavaScript)

- Designed frontend pages using HTML, CSS, and JavaScript
- Developed structured navigation and responsive interface components
- Delivered a functional recruitment-focused web portal prototype

Tools: HTML, CSS, JavaScript

CERTIFICATIONS

- AI/ML Certification - Global Technologies
- Introduction to Generative AI Studio -Simplilearn
